Announcement

I regret very much at this time to have to present this catalog. After years of toil and the investment of much money, after having carried my herd through the hard times and brought it up to a standard unexcelled by any in the land in point of breeding or individual merit, I am sorry that circumstances are such that I now have to give up most of the best cattle which for years I have been producing, and many of which the public has requested me to price, but which I have refused to offer at any price, believing that it pays to keep and breed only the best.

I also am sorry that the herd cannot be presented to the public in better flesh, but on account of the disastrous fire which made almost a clean sweep at the farm, burning all four of my barns, my gasoline engine, grinders, hay cutters, root cutters, hay, fences, dipping plant etc., and as winter is at hand, must sell. The cattle are unprepared for an auction, and I realize that it is now impossible to get them in the shape that I would desire to present them to the public, yet I believe my loss will be the gain of the buyer, and I here present this catalog with the utmost confidence, believing the herd will prove a very profitable investment to those who are fortunate enough to secure the plums.

Stock will be put on cars without expense to purchaser, but all stock will be at buyer's risk after bid off. Stock will be loaded at Rolfe on the C. & N. W. or M. & St. L. Rolfe is in Pocahontas county on the roads mentioned, 108 miles northwest of Des Moines. Telephonic connection between farm and neighboring towns.

Free entertainment and free livery for those from a distance.

Terms cash, or persons so desiring may have four to six months' time, by giving approved notes bearing eight per cent interest from date. Responsible parties furnishing bank references can make satisfactory arrangements before the sale. Lunch at 11 a. m. Sale 12:30.

LADY BARMPTON is a good young heifer. She won fourth in Iowa special at Iowa State fair, 1905, and sixth at Hamline International show, 1905; she was also fifth in open and second in Iowa special of two heifers shown as produce of cow at Iowa State fair. She is now springing to calve by Imp. Fancy's Pride.

IMP. BARMPTON LEAF—Bred by A. Cruickshank, and imported in 1888 by Luther Adams, Storm Lake, Iowa, and sold by him to Hon. Pliny Nichols & Son. Was considered the best and was the highest priced yearling heifer imported from Cruickshank's herd that year. She is what he termed the Barmpton Butterfly family, and no family of cattle stood higher in his estimation than this. Barmpton's Flower was the dam of the great breeding bull Barmpton (37763) that sired Earl of Aberdeen 45992, used by Pliny Nichols. Baron Victor (45944) used by Colonel W. A. Harris of Linwood, Kan. Spartan Hero 77932 used by Cookson & Sons and later by Milton Jones, and several other bulls imported from 1880 to 1885, a set of bulls to which is largely due the popularity of the Cruickshank cattle today.

IMP. GOLDEN CREST 158179—Bred by James Black, Old Meldrum, Scotland; got by Scottish Fancy 157741 out of Imp. Golden Days 5th, by Captain Ripley 136636; Golden Days 3d by Master of Ceremonies 136633.

DUKE OF OAKLAND 3D 133489—Regarded by his breeder and other competent judges as one of the best sons of Orange Blossom of Oakland 4th; was purchased when a calf as one of the most promising youngsters of the present day, and his subsequent development and signal success as a sire has fully borne out their anticipations as to his extraordinary worth. He was sired by Prince President 2d 116890 out of Imp. Orange Blossom of Oakland 7th, by Imp. King of Aberdeen 75747, a bull of great individuality and used in the Potts herd with wonderful success.

IMP. FIELD OFFICER 97964—Imported from Sittyton by Luther Adams and bought of him in 1888 by Hon. Pliny Nichols for use at Sunnyside. He was got by Feudal Chief (51251) out of Cinderella, by Roan Gauntlet (35284); Crescent by General Windsor (25751); Circassia by Champion of England (17526).

ROAN QUEEN is a very promising heifer, out of one of the best cows on the farm, and she was good enough to get fourth prize in the Iowa special at the Iowa State fair at Des Moines this year.

ARABELLAS are considered as one of the best milking families among the Shorthorns, and I find them the easiest feeders in my herd.

IMP. FANCY'S PRIDE, our stock bull, has proven himself to be one of the leading stock bulls in the United States and by far the best sire ever at Beaver Creek farm. He was got by the Marr-bred Goldie's Pride 163169, supposed to be one of the best calves sold from Mr. Marr's draft of 1899, and now chief stock bull in Mr. Bruce's famous herd, used with good success. The Goldies are one of the oldest Uppermill tribes and have produced many notable prize winners at the national shows. Imp. Fancy, dam of Fancy's Pride, imported by N. A. Lind, was one of the best young cows to be found in Great Britain. She gained first prize as a two-year-old and second as the best Shorthorn to Pride of Collynie, now in the herd of H. R. H. the Prince of Wales.

STRATHEARN CHIEF 117476 was sired by Imp. Scottish Chief, bred by Duthie, out of Red Rose of Strathearn, by Imp. Duke of Lavender, bred by Cruickshank. He was a very impressive sire and his get has been very much prized.

BARON BATES JR.—A fine show bull, purchased by N. Fay & Son when a few months old at \$675; by Baron Bates 6th 22009 out of Imp. Roan Duchess 14th, by Imp. Grand Duke of Thorndale 2d 26743, Imp. Blanche 8th by Grand Duke 10th 21848.

STAR OF MORNING (58189) has a record as sire of Royal and Highland society winners which is second to none. A cross of the "Star" was always a recommendation, as he got his produce wide ribbed and big fleshed like himself. He sired a great number of calves, the average for which, in the three years 1896-97-98 alone, was £53 8s.; out of Patience of the famous Sittyton Clipper tribe, by Doctor A. Duff (46167).

PRINCE OF FASHION (64587) was the pick of the Collynie calves of 1892. He was got by the celebrated Scottish Archer (59893), (sire of the champion Marengo and Brave Archer, recently imported by Mr. Kelly of Ohio for \$6,000), out of Primrose 3d, by Norseman (56233).

IMP. COCK ROBIN 192127—Now at the head of I. M. Forbes & Son's herd at Henry, Ill., where he is considered a valuable sire. Got by Bright Star 180001; dam Mavis Clara, by Spicy Robin 134607; Clara 51st by Captain of the Guard 132059; Clara 42d by William of Orange (50694). Cock Robin is of W. S. Marr's famous Clara family, the same as Spicy Clara, the heifer calf that was first at the great International show at Chicago, 1901, and sold at Forbes & Son's sale in March 1902, to Geo. Harding & Son for \$1500. Bright Star was not only a very successful show bull, but had for sire Star of Morning 58189, one of the greatest show and breeding bulls Scotland ever produced. Spicy Robin was first choice calf of J. Deane Willis' celebrated herd and cost W. S. Marr \$1250. Captain of the Guard and the great William of Orange are too well known to need any further comments. Cock Robin was a successful winner in the show ring as a calf and defeated all the yearling show bulls in Great Britain in his yearling form, and while he stood only second at the International at Chicago, when just released from a three months' quarantine, many of our best judges thought he should have had first honors. He is, without a doubt, one of the greatest young bulls that ever crossed the Atlantic.

PROUD VICTOR (79673)—Bred by A. Moir, Walerton; sired by Nonpareil Victor 132573 (bred by J. Deane Willis, Bapton Manor, Eng.; imported by Geo. THE LAVENDERS are everywhere conceded to be one of the very first of the Sittyton tribes. Their origin is the same as that of the Lancasters, from which Mr. Pickrel's great bull, Imp. Baron Booth of Lancaster, was bred; and many of the most valuable cattle ever brought out from Scotland have borne the Lavender name. Probably the grandest cow ever owned by Col. Harris at Linwood was Imp. Lavender 36th of this same family. One of the greatest champion show bulls of England in recent years is Count Lavender, the property of Deane Willis. As a class, the Lavenders are distinguished for their finish, flesh and quality.

GAVESTON 112058—Bred at Linwood, and had for his sire the great Baron Lavender 2d 72610; dam Imp. Gladiolus, of the famous Brawith Bud tribe. Pride of the Ring was got by the celebrated Star of Morning (58189) (sire of Buttermilk, the first prize two-year-old heifer at Highland society's show at Aberdeen, of Butterscotch, dam of Cornerstone, Highland society breed champion and winner of the Prince of Wales medal at Edinburgh, 1899; of Mr. Atkinson's bull Asterisk, second at the Royal; of Star of Dawn, breed champion at the Highland society's show, and exported to Buenos Ayres for £800; and many other prize winners). The Foxglove family has with us proved unusually prolific and valuable. They are great breeders, producing calves every year, easy keepers and all right in every way. Some of the most noted bulls of the breed will be seen in the above pedigree. That the family is held in high esteem by breeders is evidenced by the way its representatives sell, one two-year-old heifer in our 1901 sale fetching \$1250.

BARON BARMPTON—Bred at Linwood and used in the herd of M. E. Jones with good success; is sire of some of the best calves ever at Cherry Grove; he is a low down, wide, beefy fellow, with level lines, a mellow hide, heavy quarters, is very smooth and well covered all over, and his breeding none can surpass, he being by Col. Harris's favorite bull, Baron Lavender 2d (he by Imp. Baron Victor, dam Imp. Lavender 36th, best cow ever at Linwood), dam Imp. Autumn Glade, a very fine cow by Cumberland, grandam by Barmpton.

IMP. CUPBEARER has an almost unbroken succession of victories to his credit, won in the sharpest competition at the leading shows of both continents. His career as a show bull of two continents is too well known to need comment in this connection; suffice it to say he has won more championships in Great Britain, Canada and the United States than any bull ever imported; and as a sire he is rivaling his show yard success.

IMP. SUSSEX 100999—A richly bred Sittyton Secret bull, a red, sired by Baron Violet 90446 out of Serenity, by Barmpton 45246.

PERFECTION—Got by Bridesman (30586), dam Russian Violet, by Scotland's Pride (25100); was a very grand bull and produced many first-class animals.

NONPAREIL OF BLUFFVIEW is a beautiful Scotch cow and is good enough to please any one.

IMP. NONPAREIL OF KINNELLAR was probably one of the best cows of this family imported into this country. Like all Nonpareils, she was an excellent milker. The heifer calf that won first prize at the Provincial show in London, and first prize at the Industrial exhibition at Toronto in September, 1899, was a daughter of this grand old cow.

TRUE BRITON is an excellent specimen of the old and valuable herd of Mr. Campbell, Kinellar, Aberdeenshire. He is a beautiful rich red, with fine head, horns and finish, and is a true Scottish character, carrying heavy, good flesh on a short leg, and above all, is most impressive, his get bearing his good points to a remarkable degree.

MYSIE'S PRINCE is a bull of great merit and is the product of a long line of illustrious ancestors and can therefore be relied on to transmit his admirable qualities, and for this reason will make a valuable sire.

MYSIE 45TH, the grandam of Mysie of Aberdeen, received wherever exhibited great praise from both the public and press. Although she has never been highly fed, still the natural thick flesh with which she is so evenly covered has been ample to place her in the front rank wherever shown. The first time she was shown, although still a calf, she won sweepstakes for best female of the age at the Otoe county fair, and first premium for best heifer calf at the same time. In 1884 she won first premium at Nebraska State fair, Kansas City and Hannibal fair for best yearling, these being the only fairs at which she was shown.

IMP. FANCY'S PRIDE, our stock bull, has proven himself to be one of the leading stock bulls in the United States and by far the best sire ever at Beaver Creek farm. BEAVER CREEK MOSS ROSE is a very choice heifer both in breeding and individuality; her great grandam, Wiltshire Daisy, is one of Mr. Willis' best breeding cows, dam of Mr. Harrison's champion bull, Wiltshire Comet; also Bapton Daisy, a champion heifer; also Bapton Bluff, a great prize winner at all leading shows.

IMP. MORNING STAR 182018—A fine roan, bred by Philo Mills, Ruddington Hall, England; a very low down, compact bull, and a good breeder. Several of the young things in the herd are sired by him, and I am sure they will speak well for themselves in the sale. Was got by the great Duthie bred bull Pride of the Ring 75252, the highest priced calf in the Collynie sale 1898; sire Pride of Morning (64546), the Highland society champion at Aberdeen, 1894, first in his class and winner of the Duke of York's medal for best Shorthorn, in 1893 first and Shorthorn society's prize of £20 at Royal Northern. Pride of the Ring was got by the celebrated Star of Morning (58189) (sire of Buttermilk, the first prize two-year-old heifer at Highland society's show at Aberdeen, of Butterscotch, dam of Cornerstone, Highland society breed champion and winner of the Prince of Wales medal at Edinburgh, 1899; of Mr. Atkinson's bull Asterisk, second at the Royal; of Star of Dawn, breed champion at the Highland society's show, and exported to Buenos Ayres for £800; and many other prize winners). Pride of Morning was out of Patience, by the well known Dr. A. Duff (46167), and belongs to Mr. Cruickshank's celebrated Clipper tribe.

PEARL ANOKA is blocky and well filled out and neat of head and horn. She is sired by Lavender Prince out of Imp. Lavender 52, bred by Mr. Cruickshank and sired by Gondolier (52956). Lord Hamilton 140600, the second sire in this pedigree, was a Toronto winner, got by Scotch Knight out of Madge Hamilton by Champion of Canada. The dam of this heifer was a winner at Des Moines, Hamline and Milwaukee and the American Royal at Kansas City in 1900. She has been a regular breeder of good things. The family is a Scotch one tracing to Imp. Meadow Flower 13th.

LAVENDER PRINCE 195710 was by Briton 130788, a son of Imp. True Briton 101102, said to be the best calf of his year, bred by Mr. Campbell. He was bought by Mr. Duthie. The dam of Lavender Prince was Imp. Lavender 52d, bred by A. Cruickshank and was sired by Gondolier (52956). It will be seen from this that Lavender Prince was of the best breeding.

LORD HAMILTON 140600—Bred by Wm. C. Edwards & Co., Rockland, Ont.; got by Scottish Knight 130649, out of Madge Hamilton (vol. 45), by Champion of Canada 140599; tracing to Imp. Lady Elizabeth by Emperor (1974).

IMP. ROSE OF SHARON—By Belvedere (1706); bred by Mr. Bates of Kirklevington, England, one of the most distinguished breeders and importers of the Shorthorn race of cattle; was imported by the Ohio company in 1834; she was a great granddaughter of The American Cow, a full sister to Robert Colling's celebrated Red Rose, by Favorite (252), and the bull Styford. The American Cow was so called because she had been imported to America and again exported, probably the first cow to cross the Atlantic twice. No more celebrated bulls are known in Shorthorn history than those appearing in the pedigree of The American Cow.

DUCHESS OF KENT was one of the grandest specimens of the Shorthorn breed. She belonged to or descended from a family that has forced its way into popular favor by the number of grand individual animals it has produced. As far, too, as blood is concerned, she was one of the purest of the pure in Bates blood, having no out-cross whatever, tracing in all lines to animals bred and owned by the late Thomas Bates, Kirklevington, England, whose name and fame as a Shorthorn breeder will be known through all the ages of the world, that is, wherever Shorthorns exist. At A. L. Hamilton's sale in Kentucky June 11, 1884, 4th Duchess of Kent brought \$4700, and at J. C. Hamilton's sale the same year 3d Duchess of Kent sold for \$5000.

45TH DUCHESS OF BEAVER CREEK is one of our best breeding animals, a good little cow, very low down and blocky. I regret much to part with her.

DUCHESS OF KENT is one of the grandest specimens of the Shorthorn breed. She belongs to, or descended from, a family that has forced its way in popular favor by the number of grand individual animals it has produced. As far, too, as blood is concerned, she is one of the purest of the pure in Bates blood, having no out-cross whatever, tracing in all lines, to animals bred and owned by the late Thomas Bates, Kirklevington, England, whose name and fame as a Shorthorn breeder will be known through all the ages of the world, that is, wherever Shorthorns exist. Bulls of this family are exceedingly valuable. Duke of Kent 51119 (a grandson of Duchess of Kent) was bought by Palmer & Bowman at a cost of \$6100, September, 1884, to head the Saltville herd of Shorthorns.

KIRKLEVINGTON DUKE OF HAZELHURST 5TH—Pure Bates Kirklevington; by the great Waterloo Duke 8th 89876; dam Kirklevington Princess 35th, by Kirklevington Duke 6th 87442, to Imp. Kirklevington Princess 6th, by 3d Duke of Hillhurst (30975).

WALNUT HILL WILD EYES DUKE—Of Martin Flynn's well known Wild Eyes family. Some of the best herd bulls in the west have come from this source. Sired by 33d Duke of Airdrie 50833 and out of Imp. Lady Turncroft Wild Eyes 2d.

IMP. JOSEPHINE—Bred by J. Whitaker in England; brought to America in 1835 by the Ohio company. She went to Kentucky in the hands of James Renick and bred many valuable animals. Among her descendants were the two celebrated sires General Winfield Scott and Renick, both used by the veteran breeder Abe Renick, and every descendant of Rose of Sharon, bred by him, carries her blood through the paternal lines. An analysis of the pedigree of this noted cow will certainly excite the admiration of the most fastidious admirer of Colling's and Bates' best blood. Josephine was a very successful show cow, having won many prizes at the fairs of Ohio. This is one of the richest pedigrees to be had of this family.

IMP. FISHER ROAN—Bred by W. Fisher, Durham, England, and imported in 1845 by Ralph Wade, Sr., of Canada. She was a fine, large cow and a great milker. She produced but one calf, Imp. Lady Eden, dying immediately after, and the family is, perhaps, better known by that name. Her daughter and produce fell into good hands, so that their breeding is reckoned with the best, and cows of this pedigree have sold right in the same notch with straight Scotch stuff.

IMP. ROSE OF SHARON—By Belvedere (1706); bred by Mr. Bates of Kirklevington, England, one of the most distinguished breeders and importers of the Shorthorn race of cattle; was imported by the Ohio company in 1834; she was a great granddaughter of The American Cow, a full sister to Robert Colling's celebrated Red Rose, by Favorite (252), and the bull Styford. The American Cow was so called because she had been imported to America and again exported, probably the first cow to cross the Atlantic twice. No more celebrated bulls are known in Shorthorn history than those appearing in the pedigree of The American Cow.

IMP. FANCY'S PRIDE, our stock bull, has proven himself to be one of the leading stock bulls in the United States and by far the best sire ever at Beaver Creek farm. He was got by the Marr-bred Goldie's Pride 163169, supposed to be one of the best calves sold from Mr. Marr's draft of 1899, and now chief stock bull in Mr. Bruce's famous herd, used with good success. The Goldies are one of the oldest Uppermill tribes and have produced many notable prize winners at the national shows. Imp. Fancy, dam of Fancy's Pride, imported by N. A. Lind, was one of the best young cows to be found in Great Britain. She gained first prize as a two-year-old and second as the best Shorthorn to Pride of Collynie, now in the herd of H. R. H. the Prince of Wales.

WARRIOR 121516—A Cruickshank-topped Bates Waterloo bull; got by Victor Knight 110515, a Victoria Cruickshank; dam Water Girl 11th, by Baron Bates 12th 37541, a Bates Filbert bull; Imp. Water Girl by Grand Duke of Waterloo 23355.
